

Diane

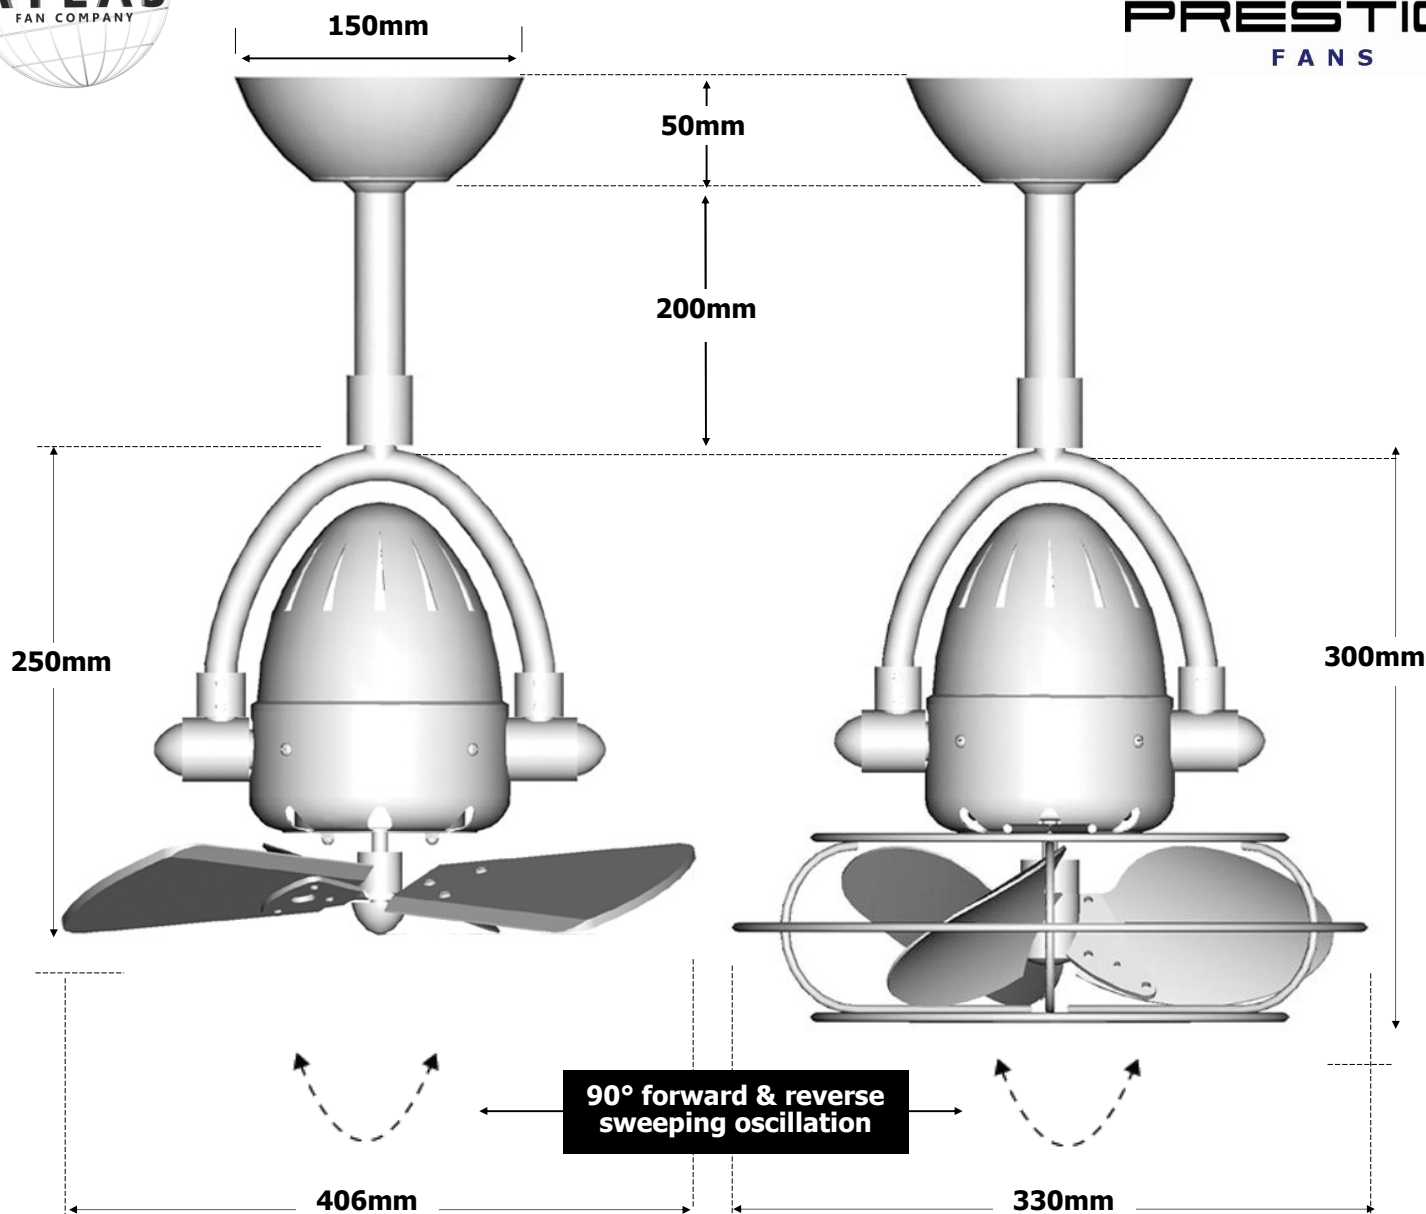

The Diane oscillating directional ceiling fan provides maximum, multi-directional airflow. The Diane can be hung in small, awkward spaces or in front of HVAC ducts to make more efficient the heating, ventilation or air conditioning of any room.

Constructed of cast aluminium and heavy stamped steel, the Diane carries a limited lifetime warranty

- The Diane is available in the following metal finishes:
 - > Polished Chrome
 - > Textured Bronze
 - > Brushed Nickel
- The Diane is available with the following blade options:
 - > hand-balanced solid wood blades without blade guards
 - > hand-balanced metal blades with decorative metal blade guards
 - > hand-balanced metal blades with metal safety cages for low ceilings.

The Diane is supplied with:

- Wall control with 3 speed mechanism and oscillation switch
- Angled ceiling canopy for ceilings up to 29 degrees
- 250mm (10") downrod (Max 100mm can be cut if required)
- The Diane with metal blades is suitable for Damp locations. Not recommended for salt water/ ocean frontage application.

Optional Accessories:

- RF remote control with wall cradle - 30" (760mm) or 72" (1830mm) extension downrods

SPEED	WATTAGE*	RPM	AIRFLOW** (in M ³ /HR)	EFFECIENCY (in M ³ /HR/W)
Metal Blades				
High	49	1,353	2,217	45
Medium	35	1,298	2,073	59
Low	30	1,243	1,959	65
Wooden Blades				
High	52	1,294	2,441	47
Medium	35	1,185	2,013	58
Low	39	1,011	1,820	63

* Wattage for Energy Star data and is based on motor wattage as shown on rating label, actual performance may be lower consumption.
** Airflow data tested using Energy Solid State Method.
